

POSITION VACANCY NOTICE

POSITION TITLE: Math and Computer Science Instructor

DEPARTMENT: Math and Computer Science Division

EMPLOYEE GROUP: Faculty

STATUS: Full Time Ranked *(See description below)

Delta was one of nine community colleges in the nation to receive Honor Roll status in *The Chronicle of Higher Education's* 2009 "Great Colleges to Work For" Program. "Great Colleges to Work For" is the second-largest workplace-recognition program in the country after *Fortune's* "100 Best Companies to Work For."

At Delta College you'll find everything you'd expect of a nationally ranked institution. You'll find a commitment to academic excellence. In fact, Delta is a charter member of the National League for Innovation in the Community College, which is devoted to improving learning through experimentation and innovation. You'll find state-of-the-art facilities. In the last decade, renovations have totaled nearly \$90 million, and planning is underway for the allied health building renovation. You'll find a dedication to community. Delta annually provides more than 16,000 students education and career retraining, but we're also involved in many activities that improve and impact the community, ranging from entertainment to the environment.

That sense of "community" is a strong trait of the area as well, making the Great Lakes Bay Region an outstanding choice to live and raise a family. The region is comprised of Bay, Midland and Saginaw counties, each with its own personality and features, located adjacent to the Saginaw Bay in mid Michigan. The region offers small-town appeal, yet is the corporate headquarters of The Dow Chemical Company and Dow Corning Corporation, and is advancing solar energy initiatives through a variety of firms including Hemlock Semiconductor.

If you'd like to work for a Great College, we invite you to consider applying for this open position.

POSITION ACCOUNTABILITIES AND ESSENTIAL FUNCTIONS:

- Demonstrate a commitment to the mission and vision of Delta College.
- Focus on supporting and assessing student learning and academic achievement to ensure student success.
- Continually develop appropriate innovation in learning and teaching to meet diverse learning styles and student needs.
- Collaborate voluntarily and energetically with colleagues in the academic discipline and with other faculty colleagues to develop effective learning experiences for a diverse student body.
- Demonstrate an understanding and appreciation of diversity based on the college statement on diversity <http://www.delta.edu/diversity/>
- Integrate international and intercultural experiences in the College, community, and curriculum.
- Serve the community through outreach activities.
- Make effective and innovative use of appropriate technology in the performance of the listed responsibilities and accountabilities.
- Participate in shared governance as a full member of the academic community.

- Teach at least 30 equated credit hours annually in a variety of settings including day, evening, weekend, on campus, and off campus.
- Commit to ongoing educational and professional growth.
- Engage fully in course, discipline, and program development.

POSITION RESPONSIBILITIES:

- Teach a full range of community college mathematics courses effectively. Courses include developmental, technical, and transfer classes through the Calculus sequence.

REQUIRED QUALIFICATIONS:

1. Master's degree in Mathematics, Mathematics Education, or a related field with at least 18 hours of graduate level mathematics.
2. Ability to teach math courses through the Calculus sequence including developmental courses.
3. Experience in teaching community college level mathematics (may be at the community college, in a high school, as a graduate assistant, or other).
4. Experience using computers or graphing calculators as problem-solving tools

ADDITIONAL EXPERIENCES CONSIDERED:

1. Experience teaching in a variety of formats, including online.

APPLICATION DEADLINE:

Position will remain open until filled. Screening of applications will begin immediately. The college reserves the right to close the recruitment process once a sufficient applicant pool has been identified. All application materials must be received before an applicant will be considered for the position.

ADDITIONAL INFORMATION:

POSITION RANK: Instructor, Full-Time Ranked. *A full time position in which promotion to Assistant Professor, Associate Professor, and Professor may be sought (based on time in position and Senate criteria).

START DATE: Fall, 2011

APPLICATION PROCEDURE: Complete an on-line application and attach a cover letter with position title, resume, and copies of undergraduate and graduate transcripts (official transcripts required upon hire) and/or certifications and licenses. Three current letters of recommendation may be requested of finalists. PLEASE do not upload attachments until you are ready to submit your application.

IMPORTANT: Once you have submitted your completed application, if you are unable to attach additional materials, i.e. cover letter, resume, and/or transcripts, these may be submitted to the Human Resource Office.

All new employees will be required to complete an employer's verification form, I-9, no later than three (3) days from the date of hire.

Delta College ...Where Our Color Will Always Be Green. We believe in sustainability.

NON-DISCRIMINATION STATEMENT:

It is the policy of Delta College not to discriminate in employment, education, public accommodation or public service on the basis of religion, race, color, national origin, age, sex, marital status, sexual orientation, gender identity, height, weight, arrest record, veteran status, disability, or other classifications as required by applicable U.S. federal, state or local law.
